The Perfect Finish in Dry Sanding !

K-1500

## Exclusive Pads for Tolex

**Tolex**, a breakthrough in both micro-finishing sanding and dry lubrication process technology, results in a system that allows true topcoat sanding without the use of water. Thanks to the blocking effect of the **Tolex** pad, dust and nibs can now be located and removed faster than ever. With speed like dry sanding and finishes like wet, **Tolex** scratches are extremely uniform and shallow, they can be easily removed by light compounding or with our **Buflex** system. If you are concerned with your topcoat finishing but prefer not to wet sand, the perfect system is finally here!

## Advantages:

- Achieve Total Dry Sanding Process
- Extremely Uniform Finish
- Speed Up Sanding Time
- Minimum Clogging, Longer Life
- Recommendable also for the finishing of quality furnitures
